CAS

CL7200 Series

10.2" LCD Touch Screen

Full color 10.2" TFT LCD display presents pictures and PLUs vividly with minimal reflections. Responsive smart touch features provides easy navigation for quick access to any PLU call up.

7" Display for Customers

The 7-inch TFT LCD customer side display provides vivid full color graphics complete with audio. Display images or video for your customers. Perfect for advertisements or brand awareness campaigns.

PLUs

The CL7200 Touch Screen Label Printing Scale comes standard with 72 PLU keys on the home panel. Customize the PLU keys to suit your needs. Add product images or use simple text. Add additional PLU keys or Category Keys, change sizes, or add more PLU key pages within category.

PLU's can be set up directly in the scale using the intuitive interface or created using CL Works Pro software.

Function Keyboard

Integrated Printer

The CAS CL7200 is equipped with an integrated direct thermal printer that produces clear 202 dpi label printing with printing speeds up to 100mm/sec. Various die cut or continuous label sizes can be used up to 60 mm (56 mm printable) wide and 200 mm in length.

Quickly & Easily Change Labels

Simply replace your labels with the removable, easy-to-use label cassette - takes only a few seconds to complete. The label cassette access door is conveniently located at the side of the scale, designed for quick label roll replacement.

Labels

45 Standard Labels • 20 Custom Labels Available Printed Elements

- And More!

Touchscreen Label Printing Scale

Software

CL-Works Pro

Data Editing

CL-Works Pro offers an easy-to-use data editing solution for businesses in supermarkets, grocery stores, delicatessens, and other retail markets. Manage all retail activities from PLUs to label formats.

Data Analysis

CL-Works Pro provides solution for analyzing sales data quickly, easily and accurately. The accumulated data would become an asset for users who want to get deeper insights from the data in order to make better predictions.

Compatibility

CL-Works Pro is compatible with all CL Series Label Printing Scales that use the most recent firmware. Control multiple scales remotely and efficiently manage your retail process.

- Easy PLU management control for all scales
- Simple PLU import & export
- Manage PLU's in multiple departments
- Supports WEP, WPA, & WPA2 Encryption

Networking Capabilities

- TCP/IP Communications
- 100 Base T Ethernet
- IEEE 802.11n/g Wireless

Compatible Popular Scale Management Software Packages*

If you use either Applied Data Corporation's InterScale Scales Manager or Invatron's E-Plum to manage your scales, then you can easily add the CAS CL Family of Label Printing Scales to your network!*

*E-Plum Scale Management Software is owned and sold by Invatron Systems Corp. For more information, please visit www.invatron.com. InterScale Scales Manager is owned and sold by Applied Data Corporation. For more information, please visit www.applieddatacorp.com.
