Already have a *Caston II Plus* Crane Scale and want Bluetooth connectivity? No problem. Simply install the optional Bluetooth Field Retrofit Kit and the TWN Portable Handheld Indicator for a fully operational Bluetooth crane scale.

Bluetooth®

TWN Handheld Indicator

- Light weight, durable & portable
- Easy to see - simple to operate
- Wireless Connectivity
- Increased Functionality
- Built-in Rechargeable Battery
- Sun Visor

This portable handheld indicator is both durable and functional. The TWN's design incorporates a built-in rechargeable battery and offers Bluetooth wireless communication capabilities that enable transmissions in excess of 300 feet /100 meters.

The CAS TWN Handheld Indicator utilizes a high contrast, 320 x 240, TFT LCD display with a screen visor and an alphanumeric and function style keypad housed in a light weight protective enclosure.

For data management needs, the TWN is supplied with enough on-board memory for 100 items and 5,000 transactions (including time, date, and gross weight). A wireless or wired printer can be used for printing needs or simply utilize the USB to PC connection to upload/download weighing data including item number, item name, and header text to a connected PC. Increased data management capabilities are also available with the addition of CAS TW-Works PC software.
