350-10-8S

DIGITAL STRETCHER SCALE

The Rice Lake 350-10-8S Digital Stretcher Scale is designed to be the first line of weighing when a patient is being received into a medical facility by a stretcher. The heavy-duty frame and wide ramps allow easy, safe and fast patient processing. Two rubber wheels allow easy and quiet transportation of the scale if needed. Advanced movement compensation technology eliminates involuntary movement made during the weighing process ensuring exact weighing information.

STANDARD FEATURES
